Nineteen years of bringing together everything you need to build, remodel, redecorate and landscape your mountain home has made the Truckee Home & Building Show the preferred stop for second-homeowners and local, full-time residents as they explore innovative and interesting applications to expand their home environment. At the Home Show you will find everything from the latest in high-tech home entertainment systems to the greenest technology for low voltage snow melt systems. Garage doors, cabinets and flooring, right along side log home packages and central vacuum systems. Talk to specialists in painting, home design, pest control, remodeling, plumbing, electrical, heating and cooling, green building, solar, kitchens and baths. Truckee Donner Public Utility District will be on hand to answer questions about energy and water efficiency. Pick up many FREE energy saving devices at their display.
